## **Found in the kitchen.....**

**Four (4) cases of fluted vases.** Each case has 12 vases. That is a grand total of **48 vases!** We have made several inquiries as to from where they came or for whom or what they are intended. All to no avail! No one knows anything about them. If these belong to you, please let us know. Otherwise, they will be spirited to the attic to be stored or given to Good Will. They are taking up counter space in the kitchen.
