The Lord's Day

O day of rest! How beautiful, how fair,
How welcome to the weary and the old!
Day of the Lord! And truce to earthly care!
Day of the Lord, as all our days should be!

- Henry Wadsworth Longfellow

"Go Slow"

Hebrews 11: 29 - 12:2

Technology is amazing! Plans are underway for a train (sort of) which will travel from San Francisco to Los Angeles in 30 minutes. Do the math – the train will travel at 600 mph! The designers say it will be a (*super*) fast way to transport people cheaply and efficiently. But don't look to the horizon for a super-fast spiritual life. There is no such thing as a "quick-a-holic" spirituality. Cultivating a relationship with God requires slowing down, centering in, and practicing the disciplines which make us assessable to our ever-present God.

I want to extend a huge *THANK YOU* for opening up your doors, ears, and hearts to hear about LOVE AUTO REPAIR. We're really excited about the future of these at-risk youth and how we can successfully go about it in the tentmaker principle. We love when we can share Christ with people through practical and needed ways. It's an addicting thing in a world full of hurts, negativity and hatred. If the Church can shine in our world, it's by doing what you're doing. Keep it up brother!

Sincerely, Craig Agapie

Dear friends,

Because of your generosity, cancer patients get the help and emotional support they need. Your donation builds a community of caring to ensure no one with cancer is alone.

Thank you for your gift of \$100 received on July 22, 2016 in memory of Carlos Tiernon. In addition to honoring someone important to you, your support helps those in our community whose lives are touched by cancer.

Stacy Stumpf, Development Director
Cancer Services of Northeast Indiana

The three aged and tired stoves in the kitchen have been replaced with a big, beautiful and younger stove! Yes, the kitchen is now sporting a restaurant gas range with **10!** yes, **TEN** burners and **2 big**

standard ovens. The need for a replacement was noted while cooking for a combined free dinner with the church down the street. Some of the burners would not stay lit and the oven door on one was held in place with a bungee cord! **Lori Linn**, encouraged by **Jan Ward** and **Paula Sosenheimer**, took to the internet and found this stove in a school in Avilla. Jan and Paula checked it out and agreed that this was just what we needed, especially since the price was **\$700!** (If new, the cost is \$5,700). With Leadership Team's approval, they forged ahead and made the necessary arrangements to get it to Lincolnshire. Aha, you ask...how many dinners do we need to sell in order to pay for it? Not a problem... with Stewardship's approval, Jan used the memorial monies from her parents (John and Marcile Welborn) and the remainder was taken from Gerry Westerfield's son's memorial. The stove was installed by Korte and that expense was paid by Lori Linn. As most women know, if you get something new, everything around it must be cleaned, scrubbed, rearranged and polished up. So the women, in a frenzy of cleaning, did just that. We now have a kitchen that is **functional** and **clean!** No price tag can be put on the cooperative effort and work that these women did. It serves as a sterling example of spirited group volunteerism at its finest!
