This Week at Lincolnshire

Monday, September 25
9:15 a.m. Women's Bible Study

Thursday, September 28
7:00 p.m. Leadership Team

Saturday, September 30
6:00 – 9:00 Bonfire
In the front yard of the church.
Everyone is invited!

Barb Peters lives on 902 WESTLAWN DR.
Please change your directory. All other info was correct.

Next Sunday, October 1, is **Food Pantry Sunday**. The needed items are **spaghetti, spaghetti sauce and canned meats** such as tuna, chicken, etc. Please place donated items in the food bin on the entry level by the elevator.

A mystery solved...

The large orange padlocked box that is in the Fellowship Hall was “unlocked” and the contents revealed. It contains games of all sorts that were probably used during Blue Jean Diner. We still don't know how it got there and we aren't too sure what to do with it but at least we know what's in it! If you have any suggestions for its disposal or the contents therein, please pass them along to the office. We'll “coordinate” its move or removal with property management!

Pledge Sunday is October 1

Now that you have seen the preliminary budget, please prayerfully consider what you can pledge to help continue the good work that makes us Lincolnshire. And please remember that pledge Sunday is **next Sunday, October 1**.

Camp Mack Festival

October 7, 2017

NEW this year is a flea market from 10:00 a.m. to 1:00 p.m. Find your treasure here! If you have treasures to donate, you may drop them off at camp during regular business hours beginning October 2. If you need to drop off donations before that, please call the camp to set up a time. For specific times and details, go to www.campmackfestival.org.

In addition to our famous Camp Mack Stew, we will also be selling homemade breads such as zucchini, pumpkin, lemon, apple, etc. We would like to have several varied loaves available. If you plan to donate, please sign the Camp Mack Loaf sheet in the kitchen and indicate how many loaves as well as the type. Questions? Please contact Jan Ward.

The repair of the northeast side of the foundation is complete.

The **Accrulevel crew** often worked in the rain on Monday, September 18, and on Tuesday, September 19, 2017, completing the work of raising the northeast corner of the church.

First the dirt along a portion of the east wall and a portion of the north wall was removed so they could check and fix, if necessary, the tile along the foundation. We were pleased to see that the tile was working and in good shape.

Then the piers with discs were augured into the soil about 20 feet down. At this point they measured the PSI of the soil resistance to insure it was adequate to raise and support the building. Heavy steel "L" brackets were attached to the piers with the other part put under the foundation.

Then huge jackets attached to the brackets were used to raise the building approximately ½ inches. Once the building was raised, a laser scope was used to insure that it was exactly level and was raised to the exact height. Jacks were then removed, the holes filled and the dirt was then compacted. The outside crack on the east wall was filled earlier in the process and the last item completed was to fill the crack on the inside of the same wall with a special compound to strengthen and seal the wall. We were impressed with the cleanup and that they avoided tearing up the lawn.

Thanks to **Stan Gorom** for being there the entire time and for **Howard Pletcher** and **Marv Loutsenhizer** for dropping in from time to time to check on their progress and insure Accrulevel was doing excellent work. Stan, Howard and Marv all agreed that we are pleased with Accrulevel's work and that they completed their work according to the contract.

Stan will show slides of the work process at the September 28th Leadership Team which meets at 7:00 in the Quilters Room.

Further work is done on the inside of the church. Each year, the Fort Wayne Fire Department inspects the entire building for possible fire hazards. This was done in early September. This year two exit lights were noted as not working. In addition, one of the stairwells was being used for storage. These areas were rectified immediately by

Property Management.

Each year In August, all the fire extinguishers are checked to insure that they are in working condition. Any that have expired or need recharged are done on the spot by the company that specializes in that service. These functions are coordinated through the church office with cooperation from Property Management in correcting any problems.

Poorman's Heating & Air will be here Monday to check a problem with a boiler blower and to make sure the system is working well for the cold winter days that lie ahead.

October 8	Cheryl Leverton
October 9	Dave Bell
October 18	Helen Eshleman
October 18	Harold Mowan
October 18	Deb Shaw
October 22	Robin La Rue
October 24	Danil Vorndran

October 7	John and Amy Kolb
October 14	Tom and Betty Dawson

**Bonfire on
Sept. 30**

Be here next Saturday

From 6:00 to 9:00 p.m.

It's a bonfire in the church's fire pit!

Join us for Snacks, S'mores and Apple Dunking!

Bring your own drinks!

Invite your family and friends for an evening of fun!
