## **We are a GROWING CHURCH!**

We have a gift for our community! We have within us the Love of God and we can invite others to share in this love and fellowship! The excitement of being in a growing church is real! It doesn't just happen! We must be prepared to welcome visitors, hoping they will decide to continue to worship and fellowship with us. This means that we must be ready to care for the children!

## **You can help!**

Sign up to be prepared to work in the nursery or teaching times. Two or more can request to work together. You can trade times when necessary. **Put the form in the offering or turn in to the church office. Please see Judy Steckly if you have questions about volunteering in this important ministry!**

## **Youth Classes being formed!**

Pastor Paul is working with several people who are interested in forming Sunday school classes for youth in 4<sup>th</sup> grade through high school. New classroom concepts, the usage of the Youth Room and the mixing of different ages is all being discussed. Exciting plans are being made to kick off a series of studies and events that will stimulate our young people to want to come to church and be a part of an active and learning group. They ask for your prayers, support and encouragement as they work through this important time in the life of the church.

### News from the pews...
