What rain reveals.

Unless you're a *pluviophile* (someone who loves rain), a stretch of sunshine-free days can seem drab and dreary. To make South Korea's long monsoon season more colorful, art students created murals on sidewalks with hydrochromic paint. It's invisible on dry surfaces but as soon as water hits, vibrant images appear. Rain transforms gray pavement into bright scenes of fish, whales and turtles.

Life's storms, whether literal or figurative, can dampen our enthusiasm and challenge our faith. Yet adversity often reveals God's true colors – and ours. No matter what clouds pass overhead, God remains perfect, loving and steadfast. And by praising God "rain or shine," we, as his artwork, reveal that our Creator and his every brushstroke are trustworthy. – newsletternewsletter, June 2019
